

ABOUT PHARMAPLUS

We are a premium pharmacy located in Camden Medical Centre (at 1 Orchard Boulevard). In addition to pharmaceutical dispensing services, we also carry a wide range of natural, Fair Trade and certified organic skincare, haircare, mother and baby care products, award-winning games and toys. We also partake in numerous charity initiatives as we value the importance of being a socially responsible corporate entity.

Our Corporate Social Responsibility activities include past and current active involvement with the following charities:

- Singapore Association of the Visually Handicapped
- Asian Women's Welfare Association
- AIDHA organisation
- Central Chinmaya Mission Trust
- Children's Cancer Foundation
- Club Rainbow
- Netherlands Charity Association, which supports Boys Town, Leprosy Relief Association, Children's Society Convalescent Home, Child at Street 11, Sam Sui Women and The Breadline Group
- Riding for the Disabled Association of Singapore
- Society for the Physically Disabled
- Tabitha Foundation
- Villa Francis Home for the Aged

Some of our ongoing community projects are:

- Our **Charity Corner** in Pharmaplus, with handicraft items sold in support of various charities inclusive of Club Rainbow, Society for the Physically Disabled and Tabitha Foundation, where 100% of the proceeds from the sales of these items go to the respective charities.
- Our **Greeting Cards and Wine Bags Recycling Charity Drive**, where we do our part by recycling old greeting cards into gift boxes, as well as remnant fabrics into winebags, and sell them to help charity
- Our **Baby Bottles Recycling Drive**, where we collect old baby bottles to be recycled at a local recycling plant and educate the public on potential risks associated with the usual polycarbonate bottles containing BPA
- Our **Gift Hamper Service**, which includes one special item where proceeds go entirely towards charity.

Our Gift Hamper Service utilises only premium quality products, and they are made up of certified organic products whenever possible. We can also customise the hampers for you to meet your seasonal or special requirements.

We're also looking forward to serving you better and tailoring our services to your needs with our brand-new **E-store** and **Baby Registry** that were launched in 2008! Check out www.pharmaplus.com.sg/shop for more details.

Apart from being a pharmacy, we also **organise seminars and workshops**. To-date we have held the following events:

- Organic baby skincare workshop
- Hands-on facial workshop using organic skincare
- Health and Beauty workshop
- Parenting workshop "Raising children who think for themselves"
- Healthy Eating Cookery Workshop
- Sun Protection Talk
- LASIK forum
- Apitherapy seminar

For 2009, the workshops we will be organising include Probiotics, Cardiac Health and Asthma/Allergy.
